SSC	GSEB	D.A. Patel	2020	84

PROJECTS

- **Vidyasetu** ([view](#))
 - AI-based Dropout Prediction & Counseling System (Smart India Hackathon 2025)
 - Developed a real-time monitoring system for academic performance, engagement, and attendance to enable proactive interventions.
 - Showcased problem-solving and leadership by driving end-to-end project planning, sprint management, and technical implementation.
- **Craftora** ([view](#))
 - MERN Stack Social Media Dashboard
 - Built a full-stack app to manage social media apps, tasks, and reminders with MongoDB and Express.
 - Implemented JWT authentication, password recovery, and context-based UI (dark/light mode).
- **OnTrack** ([view](#))
 - Habit Tracking App (Laravel + MySQL)
 - Enabled users to track daily habits visually using calendar-based progress and color-coded states.

TECHNICAL SKILLS

- **Programming & Scripting Languages:** HTML, CSS, JavaScript, Python, MySQL, PHP
- **Tools & Libraries:** ReactJS, NodeJS, Express JS, Flutter, MongoDB, Firebase, Git/GitHub

WORK EXPERIENCE & INTERNSHIPS

- **Web Development Intern | CleverPush GmbH (Remote, Germany)** ([view](#)) (Feb'25-Apr'25)
 - Enhanced 3+ product features by optimizing responsive UIs for multiple devices.
 - Ensured scalability, security, and seamless integration with the frontend for a smooth user experience
 - Collaborated with an international remote team, applying agile practices and problem-solving skills.

PROFESSIONAL SUMMARY

MERN Stack Developer with experience in building scalable full-stack applications, leading small teams, and solving technical challenges. Skilled in modernizing systems with a focus on performance, security, and user experience.
